

Photoshop Mock Ups - User Guide

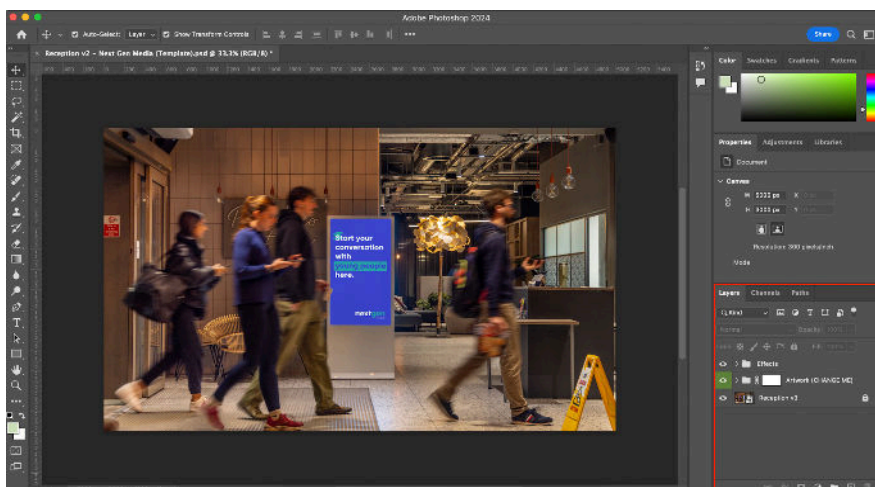

Download and open the Photoshop file

1. Download our mock ups by visiting this url:
next-genmedia.com/advertise-with-us/mock-ups-and-specs - Click on the button "Download" under the mock up you are interested in using (see below). Then, in your downloads folder double click on the .PSD file to open it in Photoshop.

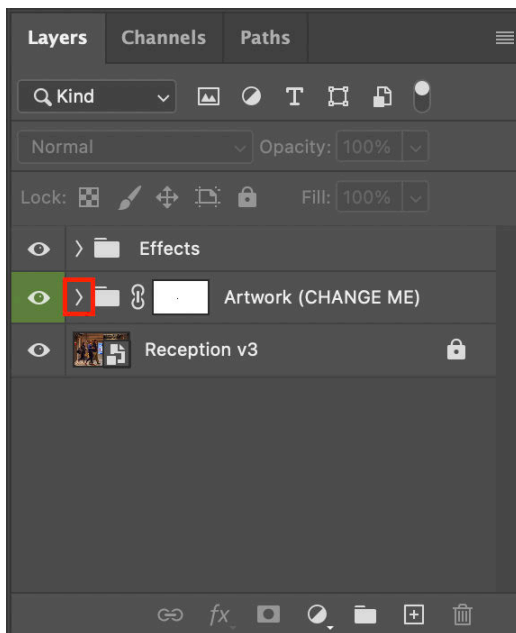

Update the screen artwork

2. On the right hand bottom side of the Photoshop app are your layers.

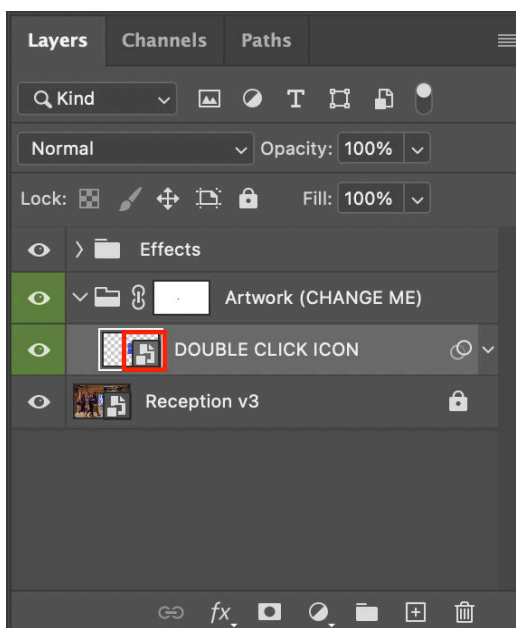

Update the screen artwork

3. To change the artwork in the mock up, open the “Artwork (CHANGE ME)” folder by clicking on the arrow.

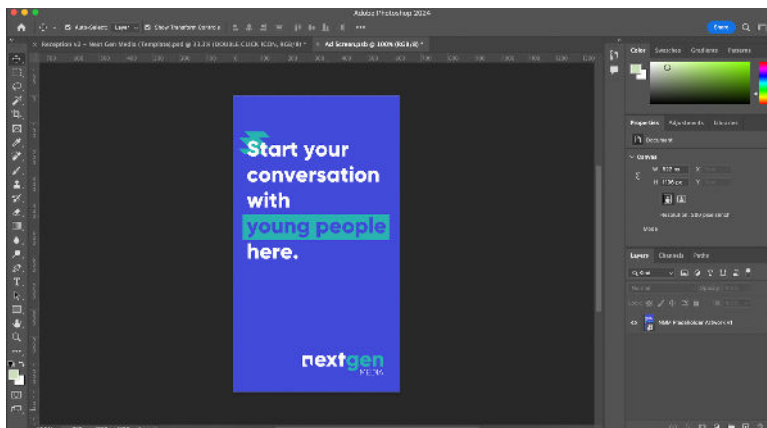

4. Then, double click on the icon next to “DOUBLE CLICK ICON”.

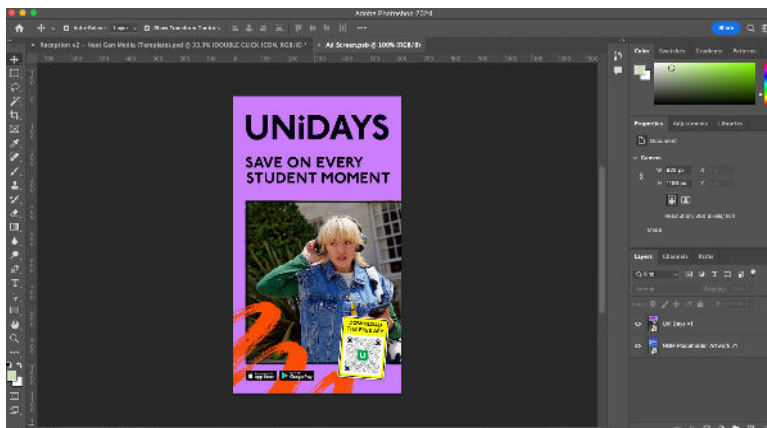

5. This will open a new file within Photoshop.

nextgenMEDIA

6. You can now drop in your artwork and save the file (Ctrl+S or Command+S). Your artwork file will need to be the following dimensions: 1080 x 1920px.

7. After saving, you can review the mockup file and your screen mockup is updated!
